Dear Mr Ed Selley

RE: ReCharge Accredited EPC Partner

Welcome onboard!

It gives us great pride to confirm that 365 Solar, registration number 2018/203175/07, has been through the vetting process with ReCharge Rental Solutions by Investec, and have been accredited and certified as a Trusted EPC Partner.

This certification gives 365 Solar the ability to offer unique solar rental options for commercial, industrial, and residential properties.

Looking forward to working together.

Kind regards,
Lisa Spain Fine
